Newly Weds Foods Strengthens Its Position In Liquids Manufacturing

Chicago, Illinois (01/31/18) - Newly Weds Foods, Inc. announces the acquisition of Mullins Food Products, a leading sauce supplier in the U.S. The company was established in 1934 and currently operates out of its facility in Broadview, Illinois. MFP manufactures and packages virtually every type of sauce, dressing and condiment for some of the largest food service and retail companies.

Charles T. Angell, President of Newly Weds Foods said, "The acquisition of Mullins Food Products fits well with our strategy to expand capabilities and offerings in sauces, as well as other liquids to grow and enhance our food ingredient portfolio. The continued involvement of the Mullins family and its team was a key factor in our purchase decision as they have built Mullins Food Products into a highly regarded and well respected company. It provides Newly Weds Foods with a unique opportunity to grow Mullins Food Products into a recognized name around the world."

Terms of the acquisition have not been announced

Headquartered in Chicago, Newly Weds Foods is a leader in the production of food coatings, seasonings and functional ingredients for the food processing and food service industries. In addition to 16 North American manufacturing facilities, Newly Weds has 10 plant locations in the UK, China, Australia, Thailand, the Philippines and New Zealand supporting customers in over 80 countries.

Mullins Food Products will operate as a subsidiary of Newly Weds Foods, Inc. and continue production at its Broadview, Illinois plant which currently has more than 425 full-time employees.
